SPONSOR & EXHIBITOR OPPORTUNITIES PACKAGE

ISEK XXIV
Quebec City, Canada
June 22 – 25, 2022
<https://isek.org/2022-congress/>

Dear Collaborators and Industry Partners,

It is our pleasure to invite you to support our next congress, which will be held in Quebec City, Canada from June 22 – 25, 2022. This will be the 24th Biennial Congress for ISEK and our first following the COVID-19 pandemic and the 2020 virtual meeting. We hope to continue our expanding global reach and reconnect with partners from around the world at this face-to-face congress. Our congress will provide you with great opportunities to showcase your products and interact with many researchers and clients on an international scale.

The congress will be held in Quebec City, Canada; a premier destination of history, culture, and worldwide interest.

ADVERTISE in our digital program book, be an **EXHIBITOR** and display your products, or **SPONSOR** a portion of the Congress and get further exposure to 450+ attendees. Full details can be found in this package.

Eric Perreault, President, ISEK

Laurent Bouyer, Co-Chair, 2022 Congress

Jean-Sebastian Roy, Co-Chair, 2022 Congress

What is the ISEK XXIV Congress?

Every two years, scientists gather to share advances and knowledge in the **broad field of Electrophysiological Kinesiology**. Our attendees are affiliated institutes and universities and bring experience in the fields of Electromyography, Functional Electrical Stimulation (FES), Motor Unit Control, Neuromuscular Diseases, Rehabilitation, Muscle Fatigue, Kinesiology, Motion Analysis, Ergonomics and many other areas of study.

The Congress is organized by a local committee co-chaired by Laurent Bouyer and Jean-Sebastien Roy, both of the Université Laval. Committee members include Alexandre Campeau-Lecours, Veronique Flamand, Hugo Masse-Alarie, Bradford James McFadyen, Catherine Mercier, Martin Simoneau, and Katia Turcot

Who attends the Congress?

The ISEK Congress draws leading scientists, researchers, and graduate students in all areas of electrophysiology and kinesiology from multiple countries around the world.

We expect to attract **approximately 450+ attendees** at the 2022 live conference.

Past ISEK congresses drew scientists and clinicians from the following areas, to name a few:

- Biomedical engineering
- Physicians/Medical community
- Rehabilitation
- Electrical engineering
- Mechanical engineering
- Ergonomics
- Biomechanics
- Kinesiology
- And others

WHY SUPPORT ISEK Congress?

WHY SUPPORT?

Premium **branding & positioning** opportunity

- Reinforce and strengthen your brand position within our community
